<DIV>
What gives you the right to put MY personal information on a
website for anyone to access???? Just because your STUPID ass got fired
doesn't mean you have the right to give out MY information!!!! You had
just better hope that no one uses mine, my wife's or my mothers because
of this and **if they DO your ass is mine** you cowardly piece of shit!!!!

Would this be DAN HOLLY, 7340 DAKIN STREET APT B102,
DENVER, CO, 80211, Phone: 303-433-6896?

Seems I know more about you then you know about
me...as for my ass being yours, we shall see about
that. My advice to you is if you don't want the world
to have your SSN (Slave Surveillance Number) stop
giving [it] out. I have the right to anything sent to
my domain, the fact that someone sent me a file with
everyones SSN gives me the right to do with as I see
fit. I din't know if the file I got was accurate, as
with past docs, and usually I made GX pay their high
priced lawyers to prove the files were real...however
once I was informed the files were real I removed them
at once. At best the files sat "live" on the site for
one day, at which point the site was censored by GX's
unlawfully. I doubt anyone saw your SSN so relax.
Here is the last bit of the wisdom I will waste on
you, when you want something from someone, don't start
off by calling them a "stupid ass."
