

1                                    DECLARATION OF KENNETH G. McGUIRE

2            I, Kenneth G. McGuire, declare and state as follows:

3            1.    I am a Supervisory Special Agent with the Federal  
4 Bureau of Investigation (FBI), in the Los Angeles Field Office.  
5 On November 13, 2003, I was asked by Assistant U.S. Attorney  
6 Elena J. Duarte to determine if there were any FBI investigations  
7 into the web site called "KillerCop.com" currently or at any time  
8 in the past.

9            2.    In order to respond to Ms. Duarte's request, I  
10 conducted a search of the Universal Name Index and a text search  
11 of the FBI's Automated Case Support (ACS) System for the words  
12 "KillerCop" and "~~Killer Cop~~". The Universal Name Index is a  
13 database within the ACS System which contains the proper names,  
14 nicknames, and aliases of individuals, companies and other  
15 entities that have arisen in FBI cases. The text search was the  
16 computerized search of actual text contained in reports in the  
17 ACS System.

18           3.    From my search inquiries of the ACS System, I  
19 determined that there were no investigations in which  
20 KillerCop.com was the subject of an FBI investigation. There  
21 were two reports in which the existence of KillerCop.com web site  
22 was referred to the FBI from the public. The reports were not  
23 used to open any FBI investigation, but rather were forwarded to  
24 the Los Angeles Police Department (LAPD). These reports are  
25 attached to this declaration as Exhibits 1 and 2.

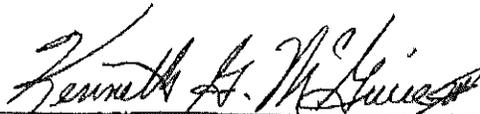

26           4.    ~~From the text search, I determined that there were~~  
27 ~~three references to "KillerCop" in reports, none of which had~~  
28 anything to do with the KillerCop.com web site. The words

1 "killer cop" in the context of the reports referred to a motion  
2 picture or book by the same name.

3 ~~5. One of the reports containing the words "killer cop"~~  
4 ~~was an investigative report dated October 11, 1999, and concerned~~  
5 ~~a review of the computer forensic evidence from the investigation~~  
6 ~~of Buford Furrow. Furrow was convicted for having killed a~~  
7 ~~postal carrier after wounding several people at a Jewish~~  
8 ~~community center in the San Fernando Valley. The words "Killer~~  
9 ~~Cop" appeared in the hypertext markup language (HTML) text from~~  
10 ~~Furrow's computer. This report is not attached as upon further~~  
11 ~~review it appeared to have nothing to do with the "killercop.com"~~  
12 ~~website.~~

13 I declare under penalty of perjury that the foregoing is  
14 true and correct to the best of my knowledge and belief.

15 DATED: November 18, 2003

16  
17   
18 KENNETH G. MCGUIRE
